

REMARKS

This amendment is being filed prior to payment of the issue fee.

Entry of the foregoing amendments to the claims is respectfully requested. The amendments correct typographical or drafting errors. No new matter is added.

First, the majority of the amendments being sought relate to changing upper case “Twist Up” to lower case “twist up.” Applicants respectfully submit that this change is made for clarity.

Regarding the amendments to Claim 2 and 8 striking “while allowing the at least one Twist Up adjustment pin to move in said groove,” the previous phrase of both claims reads “so as to allow the pin to move in the adjustment groove of the twist up adjustment ring.” Applicants respectfully submit that the phrase being struck is repetitive and constitutes a drafting error. Because the phrase is repetitive, applicants respectfully submit that striking “while allowing the at least one Twist Up adjustment pin to move in said groove” does not affect the scope of either Claim 2 or Claim 8. Applicants respectfully request the entry of these amendments.

Regarding the amendments to Claim 2 and 8 striking “having at least one adjustment pin,” the pin movement section is a portion of the groove and does not include a pin but rather receives a pin. Applicants respectfully request the entry of these amendments as the struck phrase “having at least one adjustment pin” is a drafting error and is inconsistent with the specification, description, and claims.

It is believed that no fees are due in connection with this Rule 312 amendment. In the event this is not correct, the undersigned authorizes the Commissioner to charge Deposit Account No. 19-0741.

Respectfully submitted,
